

USING EBOOKS & AUDIOBOOKS ON YOUR Smartphone or Tablet

iPad, iPhone, iPod Touch
Android or Windows 10 device

Required application & authorization

1. Begin by installing the **Libby** mobile app from your app store.
Apple products need iOS 9.0+
Android products need 4.4+
Windows products need Windows 10
2. Open the app and find your library. You will find PCIN libraries under **downloadLibrary**. You can also search by city or postal code.
3. To save a library, add a card for it (under the **menu**, look for **Library Cards**). You can add multiple library cards or have cards from different participating libraries.
4. Tap **Library** to open the collection you were most recently browsing.
5. Tap the **Title** circle to open the title you were most recently reading. If you haven't opened a book yet, this will appear as the Libby icon.

Searching for & downloading titles

1. Tap **Library** on the bottom left of the app. Tap the search bar at the top of the screen.
2. For more advanced searching, tap the **more** button. Search for titles using the title or keywords in the search box; browse by format; browse by subject.

3. If you search for titles, your results will contain all formats – eBooks, audiobooks and video. Filter by tapping **Refine** above the first result, then choose **Sort By**
4. **Borrow** indicates the title is available to borrow. **Place a hold** link indicates the title is not currently available. Click either of these when you've found what you would like. You will have to press **Borrow** two times in a row.
5. Renewals can happen within three days of the item's due date. Tap **Shelf** in the bottom right of the app. Loans, holds, tags and activity will be saved here. Tap the title jacket, tap **Renew Loan** and then use the drop-down menu to choose a new loan period, then tap **Renew**.
6. View your downloaded items by accessing your **Shelf** on the bottom right of the app. The book automatically opens in the app. Tap **Open Book** or **Open Audiobook** to start reading or listening.
7. Borrowed titles download to the app automatically when you're connected to WiFi, so you can read them when you're offline.

Returning books early

- After you tap **Borrow**, tap the underlined loan period on the confirmation page. Then, select a new loan period for the title. The last loan period you chose will be your default for the next title you borrow.
- Titles are automatically returned on their due dates. You can return titles early by tapping **Shelf**, tapping the title jacket, tapping **Return Title to Library**, then tap **Return**.

Notes

- Downloading books in the previous Overdrive App or in Adobe Digital Editions, will NOT sync to the Libby App.
- Tap the menu button, then **Download Settings** to update downloading titles preferences or choose device preferences.
