2. Open ADE. You will be prompted to create an **Adobe ID** and authorize your computer. Follow the links provided. *Note:* You need to create an account or you will not be able to transfer library eBooks to your eReader.

Searching for & Checking Out titles

6. In your account on www.downloadLibrary.ca click on **Bookshelf**. Download the title using the **Download** button beside the item. When asked "Do you want to open or save this file", select **Open**. The title will automatically open in ADE.

Transferring to your eReader

1. Connect your eReader to your computer. *If you have a Kobo reader, select the **Connect to Computer** option on the Kobo screen.
2. In ADE, click on the **Library** arrow (top left corner of the screen). Titles you have downloaded are listed on the right. If you have a lot of titles, click on **Borrowed** in the left hand menu to limit the results.
3. Drag and drop the title you want to transfer onto the name of your eReader name listed in the left menu. You will see the file copy to the eReader with a small green plus sign. The title is now transferred to the device.

Reading Online

With **OverDrive Read**, there are no files to download, and no software to install – click once on **Read** and start reading. Bookmark the link to access it again without logging into your account. You don't even need to be online – the book is cached on your computer.

Returning a downloaded eBook early

1. In ADE, right click on the cover of the book you wish to return early.
2. Select **Return Borrowed Item**. (You can also delete items this way).

Notes

- eBooks can be downloaded for 7, 14 or 21 days. Adjust your default under **Settings**.
- eBooks can be renewed 3 days prior to being due if no one is on the wait list.
- You can view your digital account information, place holds and make renewals also using your BiblioCommons account.
